B.Des (Fashion Design), NIFT, Chennai

Diploma (Natyashastra), Central Sanskrit University, Bhopal

Diploma (

Total Experience:

Academic : 1.9 yrs | Industry : 4.5 yrs | Research : 2 yrs

Areas of Interest:

Brief Profile:A Fashion Design professional with an experience of 7+ years, from overseas experience in women's clothing (Buying and Designing) to Understanding and working with Indian, Indo-western and ethnic categories.

An aficionado who also loves to teach and show ways to the youth to open up gates towards designing and creativity.

As an individual I like to challenge myself to push boundaries and discover innovative and productive solutions as well as to update my skill sets to newer design skills.

I am an aesthete of arts (visual arts and performing arts), as it helped me understanding the designs better, made me a keen observer and provided me an eye for detail.

For me designing is a way of expression, our creation (nature) has many dimensions of expressing itself providing different forms for us to get inspired from, since childhood I am personally overwhelmed and amazed by looking at nature and God's creation, which has immensely helped me to change the way I look at things and observe. So, I try to incorporate it in my learning and to maintain the authenticity in all the designs I do.

FDP Attended:

1. **NEP 2020, Organized by Hon'ble VC Sir, Dr. V.K. Jain, SUB, 02 May, 2022.**
2. **Publishing research papers in High Impact journals. Organized by R&D and IQAC Cell, SUB, 30 May, 2022.**
