

Education is for improving the lives of others and for leaving your community and world better than you found it.

”- Marian Wright Edelman”

## Orientation Program (20th & 21st September 2021)

SAGE University Bhopal organized a two day Orientation Program for the students of Bhopal year on 20 & 21 September 2021. The program was organized with an objective of motivating and informing students about the best practices of the University. For both the days, the program was initiated at the Royal Sage Hall followed by different activities and games for students at various venues. On the first day, the event commenced with a Ganesh Vandana followed by an informative video about the events and activities conducted for the students of previous year. The program further moved on with an enthusiastic welcome address by CSA Mr. Sudhir Shrivastav. Honorable Vice Chancellor Dr. V. K. Jain and Director General Dr. Ashish Dutta also shared their valuable thoughts and guided students for their bright future. Ms. Deepa Ayachit Coordinator Training Cell, conducted an interactive session with the students. The Special Guest for the event was RJ Pihu; her presence filled students with enthusiasm.

She conducted many fun activities like dancing, singing, a ramp walk, and a quiz round for students. She awarded the winners with food and shopping coupons. After these fun activities, all the students visited their respective schools. A special game was organized for the students, named Treasure Hunt in which student were divided into teams, and they had to find clues for the treasure. Honorable D.G. and CSA distributed prizes to the winners.

The second day of the orientation program began with Ganesh Vandana sang by Mr. Anirudha Saxena, Asst Prof. School of Performing Arts. He almost transported students into another world through a bollywood song in his mesmerising voice. By lighting a lamp Honourable Chief Guest Mr. N. Raghuraman and Vice Chancellor Dr. V.K. Jain invoked blessings of Goddess Saraswati for all. Honourable Vice Chancellor then discussed the Annual Report (2020-2021) of SAGE University, Bhopal.

He concluded his speech with appreciating the mentors and the students for their achievements. Hon'ble Chief Guest took a motivational session for faculties and students. He told many inspiring real-life stories and shared his experience of working with APJ Abdul Kalam, former President of India, and made us realize the importance of discursive intelligence. Finally, the anchor of the event gave a vote of thanks to the Chief Guest. The event concluded with a melodious song by one of our student.

## Campus Filled With Life Again!

SAGE University Bhopal's Campus is filled with joy again; students enjoy learning in classrooms, interacting with professors and classmates, expressing themselves in rhythm with the music, and so many things..... It's like everything is alive now since the University was waiting for students only. Now, the wait is over! We have strengthened epidemic prevention and control measures and implement those measures to make sure students are healthy and safe.

## IFDP

IFDP was conducted on 4th September by Dr. Amita Mourya on "Assessment and Evaluation." She discussed a variety of assessment techniques and the importance of evaluation in the University's academic framework.

Hon'ble V C Dr. V. K. Jain appreciated her and applauded her efforts for this session. He also discussed with the faculty members about starting offline classes from 15 September. He inspired the faculties to become an epitome of Guru Shishya Parampara their hard work in all aspects of teaching-learning.

Internal Faculty Development Program organized by Training and Placement cell on Time management on 11th September 2021 taken by **Ms. Deepa Ayachit** as an expert.

Time management is the act or process of exercising conscious control over the time spent on specific activities, especially to increase efficiency or productivity. The speaker had explained effectively the following topics:

- Getting yourself organized
- Making the most of your time
- Identifying your goals
- Knowing what you want to achieve
- Setting tasks to manage your time.

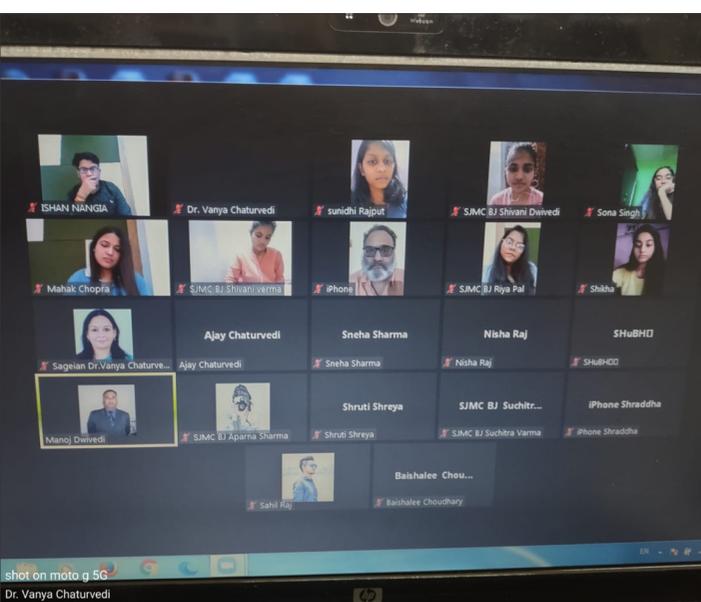

Time cannot be managed, but managing ourselves will help us to manage time and hence we can take advance of the life. The Session focused on three concepts of time; time as allocation, time as energy, and time as money. The speaker also highlighted a range of tools, skills, and techniques with which one can have better control over time.

## Value Added Course

# Engineers Day Celebration

The School of Engineering and Technology celebrated Engineer's Day on 15th September 2021. Institutions celebrate Engineer's Day to appreciate the contribution of engineers. India observes Engineer's Day on September 15 as a mark of remembrance and tribute to Mokshagundam Visvesvaraya, the greatest engineer of our country. This day also observes the birth anniversary of Bharat Ratna Mokshagundam Vishweshwaraya.

This online celebration was graced by the Vice Chancellor of Sage University, Dr. Durgesh Kumar Mishra, Mr. S. H. Abbas Mehdi, and Dr. P. K. Chande were the guest experts present on this special occasion. The entire session was coordinated & anchored by the students of E&T. The guest speakers shared their thoughts on the future of computer vision, knowledge management, and entrepreneurship. All the students & faculty actively and enthusiastically participated in the event and asked several pertinent questions—everyone, including the guest experts, appreciated this initiative of celebrating Engineer's Day.

## MoU

### School of Engineering & Technology has signed the MoU

It gives us immense pleasure to share that the School of Engineering & Technology has signed the MoU with IBA/TPCRA World for making COE of DRAGONCHAIN in SUB. Blockchain & Emerging Technology Promotion Council of Robotics and Automation bought new world-class disruptive solutions to the Indian market during covid-19 is "BLOCKCHAIN."

A blockchain is a public digital ledger of transactions that records information to make it difficult to hack or alter. The technology allows a secure way for individuals to deal directly with each other without an intermediary.

TPCRA is recognized by both the Government and the industry for its role in the growth and development of the Robotics, Automation, and Information Technology sectors. It actively promotes Higher Education initiatives to seamlessly integrate the adoption and implementation of all the Future Technologies. As TPCRA strongly believes in this era of 4th Industrial Revolution, technology is the primary contributor to a country's economic growth. With our consistent policy advocacy efforts, TPCRA has emerged as a strong and effective industry mouthpiece within government corridors.

The Director-General and Director of TPCRA from Delhi visited our campus for this ceremony. The MoU ceremony was conducted by signing the MoU between VC & Registrar SUB and Mr. Rajeev, Mr. Ritesh of TPCRA. After that, Mr. Rajeev and VC shared their views about collaboration and technology.

## Lippan Art Workshop

Ms. Mahima Nand, Assistant Professor, School of Design organized a workshop titled 'Lippan Art' on 24th August' 21 and 25th August' 21. The main objective of the workshop was to give participants an understanding of the Lippan process of Art. There were total of 14 participants, and the workshop was held for two days.

## School of Performing Arts

School of Performing Arts Conducted a shoot for video album songs at the campus of SAGE University Bhopal ,under the banner of Pro-Arts production house , the video song were directed by Mr. Suraj Sharma. 12-15 artists were there for shooting ,which was held on 12th September 2021 , with the coordination of Mr. Rahul Tiwari Assistant Professor School of Performing Arts.

## Occupational Health and Safety: A Sustainable Social Indicator

As an employee, it is right to know about hazards and issues that affect health and safety. The right to refuse work that is felt unsafe or unhealthy for an individual. The right to participate in your own safety or to report unsafe working conditions.

Here we will discuss some of the important topics as below:

- Practices on recording and notification of occupational accidents and diseases
- How they relate to the ILO Code of Practice on Recording
- Notice of Occupational Accidents and Diseases

Exercising workplace responsibilities can be challenging but speaking about it makes it better. Workplace policies are a written set of rules every employer has to implement to channel occupational working conditions. It ensures the workers that their safety is a priority to their employers.

This indicator of social sustainability ensures that workplaces are committed to safety, doing every possible action to identify and control hazards. It ensures that employers identify, inspect and navigate these reports analyzing the action gap. Workplace inspections are done regularly to identify maintenance issues. It helps to get into the roots of incidents and reduce the chances of reoccurring.

Occupational health and safety have a broad scope involving. Let's understand better occupational health and safety in the Readymade Garment Industry, dealing with all aspects of health and safety at the workplace, with a strong focus on identifying all hazards. A significant portion of an individual's day is spent at the workplace, which requires a higher degree of expertise, competency, and sincerity in performing tasks; hence an employee's time and output quality determine the performance. Thus, approaching the employer is a crucial requirement with a perspective of health and safety measures. Studies show that the workplace plays a vital role in building the self-esteem of an individual. The workplace can have both positive and negative psychological impacts on a worker's wellbeing. Providing a safe and healthy system is a prime responsibility of every employer under workplace health and safety regulations—distribution of jobs, employment stability, nonstandard work arrangements, worker protections, and worker's voice are a few critical examples that must be addressed.

**Ms. Mahima Nand**  
Assistant Professor,  
School of Design

## Celebration of Vishwakarma Jayanti

School of Engineering and Technology celebrated the auspicious day of Vishwakarma Jayanti on 17th September 2021. All essential rituals and Pooja of machinery and equipments at lab has been initiated by Honorable V.C Dr. V. K. Jain in the presence of all faculty and staff members of the University.

## From The Field of SUB

Sustainable agriculture is an important global issue. In modern agriculture, the widespread use of chemicals during the last three decades has been a subject of public concern due to potential harmful effects on the environment as well as human and animal health. Stimulated by increasing demand and by the awareness of the environmental and human health damage by overuse of pesticides and fertilizers, agricultural practice is moving to a more sustainable and environment friendly approach worldwide. Based on this approach, the environment friendly sowed maize crop is matured in Agricultural Field and ready to eat. Recent studies showed that whole corn to be a treasure trove of nutrients.

### Sage Talks!

#ConnectOnlineWithSage

**Mr. Mayank Sharma**

A Corporate SAGE Talk was organized by Ms. Mahima Nand Assistant Professor, School of Design on 17th September at 3:00 PM. The speaker was Mr. Mayank Sharma, Co-founder, Persec Research. He explained, "Future & Career as the Global Educator in 21st Century". Speaker shared some motivational success stories to build a promising career with the goal set up for the future and motivate our participants.

**Ms. Meghna Kumare**

A Corporate SAGE Talk was organized by Dr. Kaveri Dutta HOD, School of Design on 3rd September at 3.00 PM. The speaker Meghna Kumare, Dietitian and Nutritionist, talked on "Build Healthy Lifestyle". Speaker shared some success motivational stories to build healthy life style and give Mantra's to maintain healthy life style and motivate our participants to live healthy life.

# Ceremony of MoU Signing with CSIR NBRI, Lucknow

As CSIR-NBRI is a pioneer institute in the field of plant-based research and commercialization of plant-based products, SAGE University Bhopal signed a Memorandum of Understanding (MoU) with CSIR-NBRI, Lucknow, on 03 September 21. Dr. Prashnat Jain, Hon'ble Pro-Chancellor of the SAGE University Bhopal, inaugurated the event along with Dr. V. K. Jain, Hon'ble Vice-Chancellor, and Mr. Sandeep Srivastava, Registrar, SAGE University Bhopal.

The benefits of this MoU will work jointly for the establishment of a floriculture unit for propagation of work at SAGE University Bhopal, (SUB) M.P, under floriculture mission. Apart from that, both institutions will also work closely in preparing common research programmes, faculty development programs, and Industry-oriented student development programs to generate appropriately trained human resources in the related areas by organizing formal academic curricula, symposia, short-term training courses, etc.

This MoU was done due to splendid efforts shown by an interaction between Dr. Puneet Singh Chauhan, from CSIR-NBRI, Lucknow, with Dr. Govind Gupta and Dr. Pankaj Srivastava from SAGE School of Agriculture, SAGE University Bhopal. Dr. Jaya Sharma beautifully conducted the event, and a vote of thanks was given by Mr. Sandeep Srivastava, Registrar, SAGE University, Bhopal.s

## Farmers Training Program Under NABARD

Agriculture plays a critical role in the entire life of a given economy. In addition to providing food and raw material, agriculture also provides employment opportunities to a very large percentage of the population. Farmers are a very important part of the agricultural industry. It is undeniable that without farmers the agricultural system of any state would collapse. None of these things would be possible without farmers, as for the growth of healthy crops.

To keeping view of these things, and educate to Farmers, on Sustainable Management of Agriculture in Climate Change Era through Awareness of Science and Technology, SAGE School of Agriculture organized Skill Based Training Program on Production of Organic Fertilizers (Vermicompost Preparation) funded by NABARD, Madhya Pradesh on 3 September 2021.

In this Skill Based Training Program Dr. Puneet Singh Chauhan, Dr. Suresh Sharma, Dr. Atul Batra, and Dr. Rakesh Nainwal from CSIR-National Botanical Research Institute, Lucknow, Uttar Pradesh was given the plenary lecture on Sustainable Management of Agriculture in Climate Change through Vermicompost Preparation. In this training program a one Vermicompost Demo Unit was inaugurated by Hon'ble Pro-Chancellor Dr. Prashnat Jain, Hon'ble Vice-Chancellor Dr. V. K. Jain, Registrar Mr. Sandeep Srivastava, Dr. Pankaj Srivastava and Dr. Govind Gupta from SAGE University, Bhopal.

Furthermore, Project Investigator Dr. Govind Gupta elaborated the major important benefits of vermicomposting to increased agriculture productivity and help in combating climate change. Total 44 Farmers from different villages of Bhopal benefited from this event.

## Awareness Program Organized in Phanda Block

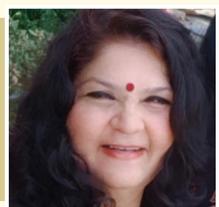

Agriculture is extremely vulnerable to climate change. Higher temperatures eventually reduce yields of desirable crops while encouraging weed and pest proliferation. Changes in climate may also impact the water availability and water needs for farming. Keeping the above points, SAGE School of Agriculture, SAGE University, Bhopal organized an awareness program for the Farmers of Amjhra Village, Phanda Block, Bhopal funded by NABARD, Madhya Pradesh. Project Investigator Dr. Govind Gupta gave the information about the harmful effects of climate change on Agricultural crops. He elaborated to the Farmers regarding use of Vermicompost/biofertilizers/biopesticides in agricultural crops will not only result in increased agriculture productivity but also help in combating climate change.

# Faculty Achievements

## Dr. V. K. Jain (Vice Chancellor)

1. Mr. Kamlesh Gautam. He has been awarded a Ph.D. in Computer Engineering by Mody University of Science and Technology on 03 September 2021 under his supervision. His topic of research was "Enhancement in Observation and Control on Road Side Area of Vehicular Communication System using Machine Learning with Fragment Processing".
2. Keynote speaker in Webinar on "Innovations and New Trends in Education" on 18 September 2021, organized by Integrated Chambers of Commerce and Industry, New Delhi.
3. Attended Workshop on "National Education Policy 2020" on 07 September 2021, organized by MPPURC, Bhopal.

## Dr. Swati A. Sharma

1. Attended two weeks Faculty Development Program from 04th to 18th September 2021 "Managing Online Classes and Co Creating MOOCs 8.0" organized by Ramanujan College University, Delhi.
2. Received Atmmanthan Award on 27th August 2021 for her Valuable Contribution as HOS of School of Performing Arts, Design, Languages, and Journalism & Mass Communication SAGE University, Bhopal.

## Mr. Harshil Paradkar

Received Atmmanthan Award on 27th August 2021 for his Valuable Contribution in School of Journalism and Mass Communication at SAGE University, Bhopal.

## Mr. Rajesh Bijronia

Completed AICTE Training and Learning(ATAL) Academy FDP form 06th to 10th September 2021. "Basic Course in Smartphone Journalism at Film and Television Institute of India.

## Dr. Tasneem Bano Rehman

1. Participated in Virtual Workshop on 25th August 2021 "IEEE R10 Panel of Conference Organizers (POCO) 2021" organized by IEEE Bombay Section  
Technical and Professional Activities Committee sponsored by IEEE Region 10 and IEEE Bombay Section.
2. Atmamanthan Award for her Valuable Contribution in School of Advance Computing at SAGE University, Bhopal.0

## Dr. Satyajee Srivastava

1. Attended one-day National Workshop on 08th September 2021 "How to Write Research Proposals & Different Funding Agencies" organized by Center of Research and Technology Development, Sinhgad Institute, Solapur and Internal Quality Assurance Cell, N.B. Navale Sinhgad College of Engineering, Kergaon, Solapur.
2. Participated in five-day Faculty Development Programme on 07th to 08th September 2021 "Building Data Science Application with Python" conducted at Raj Kumar Goel Institute of Technology, Gaziabad by Department of Computer Science & Engineering.

## Dr. Govind Gupta

Dr. Govind Gupta has successfully participated in Virtual 6th Asian PGPR National Conference organized by Barkatullah University, Bhopal from 3rd to 4th September 2021.

## Mr. Rahul Lone

Received Atmmanthan Award on 27th August 2021 for his Valuable Contribution in Department of Administration at SAGE University, Bhopal.
