*It all starts with Click!!
Telling stories through Photos*

August 19 is World Photography Day,
*a day to pay homage to the history of photography,
celebrate the present and leave a positive trail for the future.*

*World Photography Day originates from the invention of the daguerreotype,
a photographic process developed by Louis Daguerre.
On January 9, 1839 The French Academy of Sciences announced
the process and a few months later,
on August 19, 1839,
the French government announced the invention as a gift free to the world.
Thank you Louis Daguerre and thank you, France!*

Best Wishes From,
Rajesh Bijronia
